

Name: _____ Date: _____

1. Use the symbol $>$ or $<$ to complete the statement

$$700 \text{ _____ } 200$$

2. Estimate the sum by first rounding to the nearest hundred. Show your estimation next to the original problem.

$$\begin{array}{r} 489 \\ 1,324 \\ + \quad 416 \\ \hline \end{array}$$

3. Use the symbol $>$ or $<$ to complete the statement

$$5,000 \text{ _____ } 500$$

4. Round the following number to the indicated place:

673,000 to the nearest ten thousand

5. Estimate the following difference by rounding to the nearest thousand. Remember to round the given numbers before performing any calculation.

$$\begin{array}{r} 5,732 \\ - 3,472 \\ \hline \end{array}$$

6. Porfirio went shopping for some clothes. He bought a shirt for \$55.98, a pair of shoes for \$85.19, a hat for \$27.95, a coat for \$115.85, and socks for \$10.29. Choose the closest estimate to the nearest dollar of the total amount of Porfirio's purchase. Show your estimation.

a) \$305 b) \$285 c) \$296 d) \$295

7. Round 987,091 to the nearest ten thousand.

8. Use the symbol $<$ or $>$ to complete the statement. **700 _____ 200**
